

## Postdoctoral position available

Two postdoctoral positions are available to work on an Indo-EU project entitled “Modeling of Nano-Scaled Advanced Materials Intelligently (*MONAMI*)”. The work will involve studying nanoparticle growth as well as DNA assisted self-assembly of nanoparticle using molecular simulation.

Candidate should have a PhD in Physics/Chemistry/Chemical Eng/Biotechnology or any other interdisciplinary field. The candidate should have experience doing fully atomistic molecular dynamics (MD) or ab-initio quantum calculation. The position is initially for one year and can be extended up to 3 years depending on the performance.

Salary as per DST norm.
